Mr. T. Nelson
Systems Consultant
Box 1546
Poughkeepsie, N.Y. 12603

Dear Mr. Nelson:

Thank you for your recent inquiry concerning digital to video conversion equipment. At your request we are enclosing brochure information on our DIVCON Display Systems.

We appreciate your interest in our digital-to-video display systems and would welcome the opportunity of responding to your detailed requirements. Developments in this field are occurring at such a rapid pace at RCA Victor that data sheets on some of the most interesting break-throughs are not yet available. Let us hear of your specific needs and we will be only too happy to arrange suitable response, whether it be additional written data, a film presentation, or a demonstration of existing on-line systems.

Very truly yours,

J. R. Wright
